Dated this 23rd day of September, 2004.

Purchasing Department

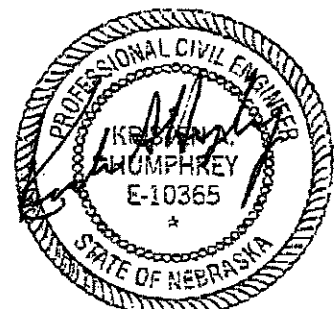

Mary Matson
Assistant Purchasing Agent

REINFORCED CONCRETE INLET AND OUTLET STRUCTURE

The reinforced concrete inlet and outlet structure shall be built as shown on the plans. Payment for the concrete inlet and outlet structure shall be paid for at the contract unit bid price per each for "Reinforced Concrete Outlet Structure (Complete)" and "Reinforced Concrete Inlet Structure (Complete)." Such payment shall be full compensation for all labor, equipment, and material necessary to construct the structures.

CORRUGATED METAL PIPE

Corrugated metal pipe shall be placed as shown on the plans and in accordance with Section 719 of the Nebraska Department of Roads 1997 Standard Specifications for Highway Construction and the 2001 Supplemental Specifications to the Standard Specifications for Highway Construction. Payment for corrugated metal pipe shall be paid for at the contract unit bid price per linear foot for "Build ___" Corrugated Metal Pipe." Such payment shall be full compensation for all labor, equipment, and material necessary to construct the structures, including the connecting band for culvert extension.
